MEDIA RELEASE

For immediate release – 17th February, 2022

AUSTRALIA'S BEST REAL ESTATE AGENTS, PROPERTY MANAGERS AND BUSINESSES TO COMPETE FOR INDUSTRY'S MOST PRESTIGIOUS AWARDS

Finalists of the 17th REIA National Awards for Excellence 2022 have been announced by Real Estate Institute of Australia (REIA) today.

REIA President, Hayden Groves said the new look REIA National Awards for Excellence 2022 or NAFE celebrate the best of the best in Australian real estate.

“Drawn from the 2021 winners of State and Territory Real Estate Institutes Awards for Excellence, the REIA National Awards for Excellence are Australia’s only national, independently judged, and practitioner-led real estate awards across Australia.

“Winners will not only be outstanding achievers, but also advance their teams and the communities they work in, underpinned by a strong pledge to our State and Territory Institute’s best practice agenda.

“A total of 107 entries were received, a significant increase on last year, who will compete for 21 awards in what will be a night to remember as borders across Australia reopen,” he said.

“Customers wanting to select a real estate agent for sale or to manage their property that can deliver them true excellence in both service and results should look no further than the list of NAFE 2022 finalists.”

Mr Groves said it was encouraging to see many more female participants in the 2022 NAFE with 45 women finalists – a 60% increase on last year.

The REIA National Awards for Excellence 2022 feature 21 categories across all aspects of the real estate sector: residential and commercial agencies, residential and commercial sales, property management, business brokers, buyer’s agents, community service, innovation and communications.

There is also a prestigious “to be announced on the evening” REIA’s President’s Award.

Mr Groves said the REIA National Awards for Excellence will be held at the iconic Zinc, at Federation Square in Melbourne on 7th April, 2022 in a bid to support Victoria’s recovery after the longest lockdowns in the world. “
